

EDIsecure® DCP 100 Direct Card Printer

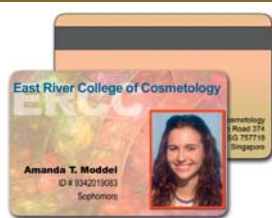

YOUR ENTRANCE TO THE WORLD OF ID CARD PERSONALIZATION

- Full-color edge-to-edge printing for great-looking cards
- The smallest footprint in its class - conveniently fits on the desktop or under the counter
- Small size and weight makes it very portable
- Easy setup for flexible usage without any further adjustment
- Prints a card in full color within 30 seconds
- Provides for easy back side in full color printing with its on-demand hand feed card mechanism
- Perfect for card printing beginners and low volume demands such as club cards, visitor badges, event participant cards, and customer loyalty cards

The single- or double-sided, edge-to-edge *EDIsecure*® DCP 100 Direct Card Printer is our smallest and lightest full color ID card printer. With its elegant forward-looking design and its advanced technology, the DCP 100 is one of the most compact printers available today. Designed and created to simplify printing on plastic cards, it combines technical performance, design and small dimensions together with an unmatched quality/price ratio.

The printer delivers sharp, colorful, durable plastic ID cards for hundreds of applications, such as club cards, visitor badges, event participation cards, membership and customer loyalty cards. Its attractive design makes the printer a perfect fit for reception areas, hospitality applications, clubs and organizations. No field service or support is required due to its very easy-to-operate form.

Choose with barcodes and magnetic stripe encoding the machine-readable technology that fits with your access control and other automated systems.

FEATURES:

- The smallest footprint in its class – easily fits into a wide range of locations
- Extremely simple to use, the DCP100 enables you to print photos, texts, logos, barcodes, signatures, and graphics very quickly in full color on both sides of a card
- Easy hand-fed front loading of cards
- Quick, easy ribbon change, cartridge loads in a snap
- Simple printhead replacement by operator
- Built-in cleaning roller
- Optional magnetic stripe encoding

SUPPLIES:

- 5 Panel Color Ribbon (YMCKO): 100 cards/ribbon
- Monochrome Black Ribbon (K): 500 cards/ribbon

(Other ribbons on request)
